*Antifascism, kurdish movement and  
repression between Italy and Germany*

discussion with

**Davide Grasso** Ex YPG fighter, among the  
protagonists of the documentary  
**Lukas Theune** Lawyer

*Soggetti pericolosi (Dangerous subjects)* is about five Italian internationalists who went to Rojava in order to support the revolutionary project of the Democratic Confederalism. Back in Italy, they have been accused of being "socially dangerous" and persecuted. Today, one of them is still under special surveillance.
