we're looking forward to a rebellious 2019!

On A-Camp and Femwo(1) the idea came up for a closer networking throughout the year. There shall be room for FLINT* as well as activity/events open to all gender. Therefore we organise mostly german-speaking (with english translation) events/ activities/ workshops. **Every first sunday of the month** we open room for ANArchistQUEerFeminist ideas to discuss and to exchange abilities, thoughts and experiences. So far planned are workshops in Basel, Bern, Freiburg i.Brsq., Luzern and Zurich.

Do you want to join in? We are more then happy if there are other places/cities to join in, let us know!

We take care to communicate limitations in accessibility. If there's something that makes it impossible for you to join a meeting, let us know and together we'll find a solution.
